Of course, birth-sister! It looks like you could use some comments before Thursday.

I understand that EPA is going to enter into an AOC with Kinross so this SOW would be performed by the Kinross' environmental contractor.

Hi Jim,

I've drafted a RI SOW for the Upper Animas Site, pertaining to just the Mayflower Mill Area. Would you be available to provide review on this document?

Thanks,

Liz

Hi all,

I've attached a rough draft of the Sunnyside RI SOW for the AOC. The purple highlighting is

areas that are especially rough and/or that I need help with.

Please let me know if you have questions. We can discuss on Thursday when we meet with Brent.
